Double Tragedy Enacted at Bedford by an Insanely-Jealous Husband.

Dr. Judah, Drinking to Excess, Shoots His Wife Twice, and Then Ends the Work by Sending a Bullet Through His Brain.

INDIANA.

Drunken Hotel-Keeper Shoots His Wife and Commits Suicide. Special to the Indianapolis Journal.

BEDFORD, Aug. 17 .- The Avenue Hotel, on Railroad avenue, this city, was the scene of a tragedy last night. For a long time Dr. Winepark Judah, proprietor of the house, has been drinking to excess, and when under the influence of liquor had often exhibited an ugly disposition, making threats against various persons. His ill temper was especially shown toward his wife, of whom he pretended to be jealous, although she was a most estimable woman. About half-past 9 o'clock Sunday night, while Mrs. Judah and her son, a lad about thirteen years old, were in the family apartments of the hotel, the former being engaged in writing a letter, Mr. Judah entered the room and began preparing for bed. He requested his wife to stop writing. This she declined to do, whereupon he became angry, and, advancing with a revolver in his hand, fired when within a few feet of her, the ball striking her in the left side of the neck. By this time the son had caught hold of his father and pulled his hand down, but as he did so the enraged man pulled the trigger again, the ball entering his wife's right side. He then made a third attempt to shoot his victim. but the son threw the revolver upward, and the ball struck the ceiling. During this time the boy was pushing his father away toward a bed which was in the room, and after the third shot Dr. Judah fell across the bed. By this time the whole house was aroused. A daughter was the first to enter, and as she came in the father, who was still lying on the bed, placed his revolver against his right temple and sent a bullet through his brain, dying instantly. Mrs. Judah is still alive and retains consciousness, but it is not likely she can re-

Columbus Merchants Swindled. Special to the Indianapolis Journal.

COLUMBUS, Aug. 17 .- On Saturday night a young man came into this city, and shortly after arriving began to work the stores here on the oldest kind of a trick. He first went to the boot and shoe-house of P. C. Weddington and purchased two pairs of small shoes for his two little girls. It being after night, and the banks closed, he presented a check on John Graves, a wellto-do farmer, for \$12.35, and received \$10.35 in change. He then went to the clothing establishment of L. Bosenbush, purchasing some wearing apparel amounting to \$4 and, as payment, gave a check on John Graves for \$14 and left the city. To-day these checks were presented for payment and the banks here pronounced them forgeries. The merchants pocketed the loss in

Dealing in Spurious Money.

Special to the Indianapolis Journal. CRAWFORDSVILLE, Aug. 17 .- On last Saturday Hiram Connard received a proposition from a man in New York, offering to sell him counterfeit gold "so perfectly made that the best government experts bave been unable to detect the fraud." It stated that Connard could take in a partner, but this proposition was to be considered strictly confidental. If the proposition should be accepted a telegram was to be sent to No. 135 East One-hundred-and-tenth street, New York. The fellow was very cautious in his proposition, and in offering to take \$250 for \$3,000 he omitted to say whether it was \$3,000 or 3,000 something else. A newspaper clipping was inclosed, showing how perfectly made was the gold he offered. He cautioned Connard not to write to him.

Destructive Storm at Vincennes. Special to the Indianapolis Journal.

VINCENNES, Aug. 17,-One of the worst storms ever known here passed ever this region Sunday evening. The rain was a tremendous down-pour. A fine barn belonging to Fred Hertle, at Monroe City, this county, was burned by lightning, two horses, a cow, twenty head of hoge, a large quantity of grain, feed and a valuable col-lection of machinery all being destroyed. The loss amounts to \$2,000. The barn of Isadore Gaither, near Vincennes, was burned, together with its contents of feed and farming implements. Loss, \$1,500. A valuable horse belonging to A. C. Simpson and another belonging to Bradway Thompson were killed by lightning. Great damage was done to corn and fruit.

Grand Lodge Meeting of U. O. of F. Special to the Indianapolis Journal.

JEFFERSONVILLE, Aug. 17 .- The Grand Lodge of Indiana, United Order of Friendship, began a four days' session at Mozart Hall this morning, the following Grand Lodge officers being present: Daniel Carter, grand master, of Indianapolis; Frank Washingtor, of Evansville, deputy grand master; C. S. Pritchard, secretary, of Newburg; Emma Buckner, assistant sec-retary, of Indianapolis; William Jackson, treasurer, of Indianapolis. The reports of the various officers showed that the order was on a satisfactory basis and the finances were in good condition. Nothing else of any importance was transacted and an adjournment was taken until

Tipton Prohibition Camp-Meeting. Special to the Indianapolis Journal.

E. Scott, of Indianapolis, and A. Walker; Thursday, R. S. Thompson, of Springfield, O.; Friday, Rev. L. M. Crist; Saturday and Sunday, Hon. A. G. Wolfen-barger, of Nebraska, and Prof. Huckens, the famous prohibition singer. On Sunday no tobacco or smoking will be allowed upon the camp-ground.

Big Barn Burned.

Special to the Indianapolis Journal. SEYMOUR, Aug. 17 .- The most brilliant electrical storm ever witnessed here raged last night from 7 until after 10 o'clock. The rain poured in torrente and the constant flashes of lightning dimmed even the electric lamps. At 9 o'clock Hon. William N. McDouald's barn, the largest in the county, was set on fire by the lightning. and 140 tons of hay and six hundred dozen sheafs of oats were destroyed. The barn also contained a large quantity of farming implements and a number of horses, ail of the latter being saved. Loss, \$3,600; in-

surance, \$2,600. Fatal Fight Between Boys.

SHELBYVILLE, Aug. 17 .- Three boys became involved in a row last evening, at Mr. Leighber's house, three miles from this city, and two are now in a dying condition as a result. Charlie Caster, a twenty-yearold son of James Caster, used a knife on Dick and Bunk Phares, cutting them to pieces and leaving them in a dying condition. Caster was arrested and placed in jail. He claims that the Phares boys were the aggressors, while eye-witnesses assert that he was the aggressor from the start.

Anti-Screen Ordinance Passed.

Special to the Indianapolis Journal. MUNCIE, Aug. 17.-With a majority of one Muncie's City Council to-night passed the saloon-screen ordinance requiring all saloons to remove all screens and blinds from their places during legal closing hours. The ordinance has, for a long time, been banging fire, and its passage is a great ourprise, as it was thought to have been killed. | Velt's reason.

The action is a result caused by the "wide-open" manner in which the saloons have recently been doing business on Sanday.

Randolph County Institute.

Preacher Inglas to Be Married.

Special to the Indianapolis Journal. CRAWFORDSVILLE, Aug. 17 .- Rev. R. S. Ingias, of the First Presbyterian Church, made the unusual announcement yesterday from the pulpit that on Sept. 1 he and Miss May Pierce, daughter of ex-Senator Pierce, of South Dakota, would be married at Min-neapolis, Minn. He extended a hearty in-vitation to all his church members to be present at that time. He has been granted a vacation and his wedding tour will be to his home in Pennsylvania.

Flooded by a Cloud-Burst. Special to the Indianapolis Journal.

BLOOMINGTON, Oct. 17.-At a late hour last night a cloud-burst occurred just north of Bloomington, overflowing a small stream that runs through the eastern part of the town. Bridges were washed away and a large amount of damage was done to private property. In many cases the houses were flooded before persons could get out of the rooms and carpets and furniture were ruined. The loss will be heavy.

Remains of Rev. Charles A. Kanouse.

Special to the Indianapolis Journal. CRAWFORDSVILLE, Aug. 17 .- The remains of Rev. Charles A. Kanouse, who died at Princeton, Ky., Sunday morning, arrived in this city to-day. He was a Presbyterian minister, a member of the class of '78 in Wabash College, and resided several years at Wabash. He leaves a wife, the daughter of George D. Hurley, and a small daughter. The funeral will be held to-merrow morning.

The colored people are holding a ten days' camp-meeting at Bluffton. The new electric-light plant at Ladoga was set in motion last Saturday night. Some person has poisoned the fish in the pond of Asher West, near Crawfordsville. Frank Morrison, of near Garfield, Mont-gomery county, had seventeen hogs killed

by lightning on Saturday night. The president of the Farmers' Alliance in Montgomery county denies that the organization will boycott the county fair. No less than twenty dead dogs were found on one street in Jeffersonville Sunday

morning, the result of being poisoned. The annual meeting of the Montgomery county teachers' institute is being held this week in South Hall of Wabash College. The twenty-seventh annual session of Bartholomew County Teachers' Institute met yesterday, and elected W. J. Griffin

John Almer, a saloon-keeper, died at Vincennes Sunday night, and owing to his great size a coffin could not be secured to hold his body, which weighs 389 pounds. John Darr, returning home near Goshen, Sunday night, was stopped by highway-men, two of which held his horse and cov-

ered him with weapons while a third John G. Stanley, sixty-three years old, who served in Company F, Fifty-ninth Indiana Volunteers, during the late war, died in Jeffersonville Sunday night, after six days' illness.

At Nashville, Brown county, Saturday night, Willim Pitman and John Clark fought in a saloou. Both fell through a window to the ground, Clark lighting on his head and fracturing his skull.

The annual session of the White River Conference, of the United Brethren Church will meet at Noblesville to-morrow, with Bishop Weaver, the senior bishop, in the chair. He will also preach the following

Extensive preparations are being made for the dedication of the new Catholic church and blessing of the convent at Tipton, on Sunday, Aug. 80. The new church is just completed at the cost of \$40,000, and the conventat a cost of \$8,000.

About ninety Italians working for the gas company at Shell ville created a scene by gathering their suovels and picks and chasing the contractor, who went flying through town in his horse and buggy. The men objected to the quarters provided for

Lute Soloman, a friend of Jerome Dronberger, of Hope, whose wife is suing for a divorce, called on Mrs. Dronberger with a view of bringing about a reconciliation. The woman attacked him fiercely, knocking him down and beating his head, after which she brought suit against him for trespass-ing. His friends in return had the woman arrested for assault.

ILLINOIS.

One Laid Out with a Whisky-Bottle and An other with Knives at a Dance. Special to the Indianapolis Journal.

MARSHALL, Aug. 17 .- News from Anderson township was received to-day of a big fight at a dance at Milt Wilkinson's Saturday night. Matthew Harlow renewed a quarrel he had in Marshall that afternoon with George Kannamacker and finally laid Kannamacker out with a terrific blow from a liquor bottle. The latter's brothers, Jack and Phillip, and Charles Bullard attacked Harlow, upon which Joseph Lowrey, of this city, attempted to part the disputants. Bullard and Philip Kannamacker turned on Lowrey and both struck at him with their knives, the former giving him a bad slash in the left side of the face and the latter missing him entirely. Just at that time a shot was fired and Charles Bullard fell with a shot in his thigh. His wound is not necessarily fatal. All the parties have been arrested.

Brief Mention.

Young James Patton, who was drowned in the Ohio at Shawneetown, will be interred at Springfield. Rainy weather, and consequently poor

attendance, has made it necessary to close the Petersburg Chautauqua. heavy storm, that made the day at 5 o'clock dark as night, swept over Sumner Sunday. Many houses were unroofed. Peter Flesher, aged eighty, a pioneer of McLean county, and for years a personal friend of Abraham Lincoln, died Saturday

Hancock county farmers held a meeting, and resolved to hold their wheat until some one should come along and pay them \$1 per bushel for the same. John Farmer, jr., sought shelter under a tree during the storm at Vandalia Sunday,

and, together with the team be was driving, was killed by lightning. William Phillips, of Disco, Hancock county, found what he believes to be a cleverly constructed infernal machine. It was concealed near his barn.

A Roosevelt's Reason Impaired by Drink. NEW YORK. Aug. 17 .- Justice O'Brien today appointed a committee to inquire into the sanity of Elliott Roosevelt, brother of Theodore Rooseveit, United States Civilservice Commissioner, and brother-in-law of Baron Von Zedlitz. The petition is made by Theodore Roosevelt, with the consent of the wife. He has three children and bonds and stocks amounting to \$170,000. Drink is said to have impaired Mr. Roose-

Events at Garfield Park.

CHICAGO, Aug. 17 .- The entries for the great Garfield stakes closed at midnight on Saturday. The following are the horses named to start: Kingston, Tenny, Verge D'Or, Marion C., Donatello, Lorenzo, Bonnie Byrd and Aloaha. Kingston was shipped from New York late this afternoon, and the great jockey, Hamilton, is expected here on Friday, so as to reach here in time for Saturday's race. The other probable riders are: Tenny, Barnes; Verge D'Or, R. Williams; Marion C., Fitzpatrick; Donatello, Allen; Lorenzo, Seaman; Bonnie Byrd, Griffin, and Goodale on Aloaha. Garfield Park results to-day were:

First Race-Three-fourths of a mile. Ida Beeswing won: Oakdale second, No Remarks third. Time, 1:15.
Second Race—One and one-sixteenth mile. Mary Sue won; Pilgrim second, Jede third. Time, 1:4834. Third Race—Seven-eighths of a mile. Lakeview won: Yale '91 second, Take Notice third. Time, 1:2614. Fourth Race-One and one-eighth mile.

Van Buren won: Donatello second, Bran-dolette third. Time, 1:524. Fifth Race-Nine-sixteenths of a mile. Maggie Lebus won; Ceverton second, Lillie S. third. Time, :55, Sixth Race-One and one-sixteenth mile.

Osborne won; Camilla second, Arundel third. Time, 1:48. The five-year-old gelding Lakeview broke the seven-eighths-of-a-mile record and furnished the sensation of the day. In the third race, with Yale '91, Big Three and Take Notice as his opponents, he traveled the seven furlongs in 1:2614. which beats the record of 1:26 2% made by Britannie at Sheepshead bay, Sept. 5, 1889. Moreover, Lakeview carried 123 pounds, while Britannic carried only 110. The performance of Van Buren in the next race was hardly less sensational, he going one and an eighth mile in 1:5234 equaling Teuton's famous time at Washington Park, June 28, last year.

Von Der Ahe Transfers His Interest in the Cincinnati Association Ball Club. Sr. Louis, Aug. 17.-It is now given out on the best of authority that the Milwaukee Base-ball Club will be in the American Association after the meeting of the members. Gillette and Von der Ahe had a conference this morning, and, it is stated, Mr. Gillette has bought out Von der Ahe's interest in the Cincinnati club. The monetary consideration is not stated, but rumor has it that Mr. Gillette paid over \$6,000 in eash and has given notes for a large amount. All that remains to be done now is the ratification of the sale by to-morrow's meeting. The disposition made of some of the players is as follows: Kelly goes to the Boston American Association team as captain and manager; Milwaukee will get short-stop Canavan, first-baseman Carney, pitcher Dwyer and fielder Seery; Washingington wants fielder Marr, pitcher Mains and eatcher Vaughn. The rest of the players are not yet disposed of. Mr. Bancroft, of the Cincinnatis, will manage the Mil-

It is the intention of President Gillette to keep his Western Association team almost intact, adding the four Cincipnati men named in the places of the two released. He may have trouble, however, in carrying out this idea. Manager Cushman has entered into an agreement with the other players that he and all of them shall stick together, and when he finds he is to be

join the League or some other organization.
If there are any desertions the places will be filled by Cincinnati players. The Milwankee team has made such a fine race in the Western Association, and the players have become such favorites that President Gillette is anxious to keep his team as much intact as possible, unless his men prove on trial incapable of holding their own. "We have no idea of surrendering Cincinnati," said Mr. Von der Ahe, "It is Association territory, and we will have a club there next season. That is certain. The League has offered us \$14,000 to abandon Cincinnati, and we refused the offer, so you can see that we have no idea of quitting there. Cincinnati will be in the Association next season even if we have to make up a ten or twelve-club league to take in the city. The only reason we consented to abandon the place temporarily was to break up the Western Association. which has been allied with the National League in fighting us. The Western Association will be disbanded at its meeting today. They are away in debt to the board of control now, but the National League has not dared to expel them, owing to the fight they have on their hands now with

Regarding a report from Louisville that Zachariah Phelphs is to be elected president of the American Association, President Kramer having resigned, Mr. Von der Abe said that the report is unfounded. "I have a letter and also a telegram from President Kramer," said the St. Louis mag-nate, "and in neither of them is there any reference made to a resignation, and there is certainly no intention of removing him. In my opinion Mr. Kramer will not resign. but will continue to act as president of the Association. If he has said anything about resigning I certainly have not heard of it, and the Association is satisfied with him." To-morrow's meeting of the Association is called for 10 o'clock. There will not be much for the meeting to do but to ratify the action already taken by Mr. Von der Ahe and a few Eastern magnates.

Milwaukee's Franchise Forfeited. MINNEAPOLIS, Minn., Aug. 17 .- At a meeting of the Western Association held, at the West Hotel here, at which all the clubs were represented, either in person or by proxy, the membership of the Milwaukee club was forfeited and its franchise transferred to L. C. Krauthoff as trustee for the association. Its players were released from their contracts and declared eligible to sign with any national agreement club. The prospects are exceedingly bright for retention of at least six clubs and that the Western Association will finish the season.

For Indianapolis and Vicinity-For the twenty-four hours ending 8 P. M., Aug. 18-Occasional rains during the night: cloudy weather, clearing occasionally during the day; nearly stationary temperaturs.

GENERAL INDICATIONS. WASHINGTON, Aug. 17 .- Forecast till 8 P. M. Tuesday.

For Ohio and Indiana-Continued warm: southerly winds and occasional local For Illinois-Generally fair, except local showers in the evening; continued warm; generally southerly winds.

SPECIAL BULLETIN. The barometer is high over the South Atlantic and east Gulf States, although but a trifie above the normal. It is lowest north of Montana, but the whole country northwest of, and including the St. Lawrence, Ohio and Arkansas valleys is covered by a low-pressure area slightly below the normal. Scattered showers have occurred in Tennessee, in the Ohio valley, in the Mississippi valley, from St. Louis to Davenport, northern Lake Michigan and over Lake Huron; also in South Da-kota. These showers have been heavy in central Tennessee and in the northern part of the lower Michigan peninsula. During Tuesday showers will probable con-tinue. sexcept in the east gulf States and New England. The temperature has risen from New Jersey northeastward in the Ohio valley, in northeast Illinois and eastern Wisconson; also over the Dakotas, This rise in temperature in the Northwest may be the first stage of a warm wave in front of the decidedly low area further to the northwest. The tendency everywhere has been to an increase of temperature, but has been in places modified by local showers. The heat has been excessive to-day in Missouri, Illinois and to the northwest of these States and is liable to continue Tuesday and Wednesday. The maximum temperature at 90° passes a little north of Wilmington, Chattanooga, Nashville and Cairo, through Kansas City, Omaha and Pueblo. That of 80° passes through Boston, north of Albany and down lakes Ontario and Erie, the west shore of Lake Huron, southern shore of Lake Superior and thence to Winnipeg.

THE CITY OF PANAMA'S OFFENSE,

Charged by San Salvador with Refusing to Surrender a Common Criminal.

NEW YORK, Aug. 17 .- The following dispatch reached the Associated Press from San Salvador to-day. It had no signature, hat doubtless emanated from an official

"The reports published recently in New York touching a revolution in Salvador were altogether inaccurate. They were doubtless based on the circumstances connected with the passage of several Salva-dorian refuges from Nicaragua to Guate-mala on board the Pacific Mail steamer City of Panama. Among these refuges was Liasandro Letona, a man who had been guilty of common crimes, and against whom criminal charges had been preferred at San Miguel. The court demanded that Letona be surrendered. The captain of the City of Panama, in direct violation of the law, refused to deliver him, but weighed anchor and sailed away without previous permission from the captain of the port. By this act he rendered his vessel hable to the penalty of confiscation. Such was the origin of the false reports which have been published. It should be borne in mind that the authorities of Salvador respected existing treaties, and made no demand for the surrender of any of the refugees on

board the City of Panama. "It is a serious matter that the govern-ment of the United States should set interests at defiance, though justice is manifestly on our side. Surely then we have fallen on the times when the right of force prevails over the force of right."

WHY THEY SHOULD MARRY.

Ella Wheeler Wilcox Gives Reasons Why Ambitious Women Should Wed, St. Louis Post-Dispatch. Since every woman ought to be ambi-

tious in some way, to say that ambitions

women should not marry would be saying that no woman should marry. I am an enthusiastic advocate of marriage. I would like to see a law passed compelling evry healthy and able woman to marry by the time she reached thirtynine or pay a fine into a general fund; and I would have all bachelors over forty taxed according to the number of single women over thirty-nine (the tax decreasing with each marriage), and the money swelling a general fund for the support of the maiden

Even when marriage results in separation it has an educating influence. People who have been married are almost universally more companionable and interesting than old bachelors and maiden ladies. Marriage broadens and balances the mind of a woman and fits her for the understanding of the realities of life. If she is unhappy it is an enlightened and positive unhappiness. She knows why she is miserable, which is more than many a morbidly dis-contented single woman can say.

I am not in favor of early marriages save in a few exceptional cases, and I think the ambitious woman-if by this term is meant the woman anxious for a career of her own-is especially unwise, if she contracts a marriage in early youth. Those enthusiastic years before twentyfive are better devoted to the pur-suit of her favorite career. In this tir e she will be able to discover whether her nopes of success have any foundation, and wheth-er that success is worth the necessary sacrifices and sufferings which a success of any kind entails.

If she decides that her early ambitions were not well grounded, and the dreams of good recede in the distance and become less and less brilliant to her view, che is eminently well-fitted to make an excellent wife. She will appreciate a hasband's love and care all the more from having seen the folly and vanity of her early dreams, and the unused enthusiasm of her nature she will turn into the domestic life, If she has, on the contrary, achieved suc-

cess in her undertaking, or mounted' the first stairs toward the temple of fame, a wise marriage will be of untold assistance to her; an unwise marriage will, for a time, perhaps, deter her, but eventually, gives her a new impetus of desperation. By a wise marriage I mean a marriage with a man whom she loves and respects and who can give her sympathy and sup-

No other woman on earth is so able to appreciate these blessings as one who has made her way alone up the danger-filled and difficult steep of a public career. No matter how noble and circumspect her life, the single woman who has a career finds herself the object of bold interest to men at large, and she, better than any bome-graduated maiden, knows how to

Were I a man I would commit almost any rash act before I would marry an inexperienced and ambitious young girl, full of visionary dreams of a career. Such wives do not appreciate the benefit of marriage, looking upon it rather as a restraint and

The woman who has experimented with her ambitions, however, with or without success, realizes the loneliness and danger of it all, and makes the best of wives.

If she is a woman capable of having fit or cure you.

achieved any worthy success, she is a woman capable of caring properly for a husband and continuing her work. For such a woman a happy marriage will develop new strength and power and broaden her field of influence.

An unhappy marriage will be to her at least a new experience and give her a wider understanding of humanity in all its phases than is possible for the single woman to Personal happiness is not the chief object

of existence, but general usefulness is; and if marriage does not bring the ambitious woman happiness it increases her field of asefulness. The world will get the benefit of her bitter experience in her work. Therefore, viewed from every standpoint, I say that the ambitious woman should marry.

Shotgun Quarantine Against Small-Pox. KANSAS CITY, Aug. 17.—There is a small-pox scare in the "Blue Bottoms," near In-dependence. The dread disease has stricken down several families, and there are now twenty-five cases under treatment. The district where the disease exists is under the supervision of no health officer, and yesterday one of the patients, feeling quite well, got out of bed, walked into Independ-ence, dined at one of the principal restanrants, and shortly afterwards had a relapse and fell from exhaustion in the street. He was removed quickly to his home, and now the citizens of Independence and the farm-ers of that vicinity have established a shotgun quaraptine over the infected districk Guards heavily armed patrol the district, and no one is allowed to leave. The State officers have been notified, but the shotgun quarantine will not be raised until some official action is taken to properly quarantine the district.

Pennsylvania Republicans Gathering. HARRISBURG, Pa., Aug. 17 .- Less than half a hundred candidates and delegates are here for the Republican State convention on Wednesday, and it promises to be rather a tame affair unless considerable enthosiasm is injected between now and the hour of meeting. All the candidates except General Gregg, of Reading, are on the ground, as are Senator Quay, Chairman Andrews, and others. The impression tonight is that the ticket will be Gregg for Auditor-general and Price for State Treasurer, although the latter has not yet given his consent to the arrangement, his idea being that the order should be reversed. James S. Fruit, of Mercer, 18 the leading candidate for chairman of the State com-mittee. Ex-Representative Hall, of Merper, will probably preside over the deliberations of the convention as chairman.

A potato-hook is the beau ideal of a potatedigger-better by far than a spade, hoe, or even a plow.

the person with bad blood who's not taking Dr. Pierce's Golden Medical Discovery. You are bereft of judgment and good sense if you allow your blood to get out of order, your liver sluggish-life dull, everything blue, for you may soon find out that you're in the grave-or next to it -because you did not procure the G. M. D. soon enough, and some dread disease, may be influenza or consumption, may be typhoid or majarial fever, has taken you. Consumption is Lung Scrofula. For Scrofula in its myriad forms, and for all Liver, Blood and Lung diseases, the "Discovery" is an unequaled remedy. Everybody, now and then, feels "ran-down" "playedout,"-with no power to generate vitality, in fact, just too sick to be well. That's where the right kind of medicine comes in, and the "Discovery" does for a dollar what the doctor wouldn't do for less than five or ten.

We claim that nothing like it has been discovered for a blood-purifier. It's guaranteed by the makers. Your money is returned if it dosen't bene-
